DECLARATION OF CONFORMITY

For the following equipment:

Product: SWITCHING POWER ADAPTER

Trademark: COSELSYNC.

Type Designation: 1. CXLPA100F-12XX
2. CXLPA100F-15XX
3. CXLPA100F-24XX
4. CXLPA100F-36XX
5. CXLPA100F-48XX
(X= 0-9, A-Z, blank or -)

Manufacturer's Name: Lite-On Technology Corporation

Manufacturer's Address: 22F., No.392, Ruey Kuang Rd., Neihu Dist., Taipei City 114, Taiwan

This declaration of conformity is issued under the sole responsibility of the manufacturer.

is herewith confirmed to comply with the requirements set out in the Council Directive:

The following standards, were applied:

For EMC Directives

2014/30/EU: of the European Parliament and of the Council of 26 February 2014 on the harmonisation of the laws of the Member States relating to electromagnetic compatibility

EN 55032: 2015+A11:2020, Class B

EN 61000-3-2: 2014, Class D

EN IEC 61000-3-2: 2019+A1:2021+A2:2024, Class D

EN 61000-3-3: 2013+A1:2019+A2:2021+AC:2022

EN 55035: 2017+A11:2020 / CISPR 35: 2016

The CE report was tested according to the EN IEC 61000-3-2:2019 version setup and testing conditions and meets the standards EN IEC 61000-3-2:2014.

For LVD Directive

2014/35/EU: on the harmonisation of the laws of the Member States relating to the making available on the market of electrical equipment designed for use within certain voltage limits

EN IEC 62368-1:2020+A11:2020

The CB report adopts the EN IEC 62368-1:2020 / A11:2020 edition and there no difference in safety risks between the EN 62368-1:2014 and EN IEC 62368-1:2020/A11. It is hereby declared that the risk assessment complies with the requirements of the EN 62368-1:2014.

For RoHS Directive

2011/65/EU: on the restriction of the use of certain hazardous substances in electrical and electronic equipment

EN IEC 63000:2018

The Authorized representative established within the EU

Risk-Assessment Based Conformity Statement

The conformity of the above-mentioned product with the essential safety requirements of **Directive 2014/35/EU (Low Voltage Directive)** has been evaluated using the **Risk-Assessment Route** defined under Article 13 of the Directive.

Since no harmonised standard beyond EN 62368-1:2014 (2nd Edition) is currently listed in the EU Official Journal for LVD, the assessment of this product is carried out using:

- **EN 62368-1:2020 (3rd Edition)** as a *technical specification*
(non-harmonised standard; does not provide presumption of conformity)

The manufacturer has performed the following actions:

1. In accordance with **EN 62368-1:2020 (Edition 3)**, a **comprehensive risk assessment** has been conducted covering all reasonably foreseeable hazards related to electrical, thermal, mechanical, fire, chemical, and energy sources, and an IEC CB Scheme test report has been provided.
2. A **conformity matrix** comparing the applicable safety objectives of Annex I of Directive 2014/35/EU with the protective measures implemented in the product.
3. A **gap analysis** (comparison between EN 62368-1 Ed.2 and **Ed.3** requirements).
4. Verification through testing based on **EN 62368-1:2020 (3rd Edition)** test procedures.

Based on the above, Lite-On Technology Corporation concludes that the product meets the **essential safety requirements** of Directive 2014/35/EU.

This statement is maintained as part of the Technical Documentation.
